Recent attempts to describe the history of white supremacy and racism in South Africa draw attention to the fact that its complex origins can be found in the long drawn out process of colonization first by the Dutch and then the British, the subjection of different peoples in territorial victories and the subsequent enslavement of black people. Although white supremacy was also prevalent in other colonial territories such as the British colonies in Africa, Asia and America, it started declining after with the rise of the independence movements.

The KCMSD plan adopted by the Court provided that every senior high school, every middle school, and approximately one-half of the elementary schools in the KCMSD will become magnet schools by the school year. The District Court was candid to acknowledge that the long-term goal of this Court's remedial order is to make available to all KCMSD students educational opportunities equal to or greater than those presently

Any heavenly body - star, planet, comet, or whatever - must share in the normal movement of the sky, rising in the east and setting some hours later in the west. In Christendom, this period, which in the liturgical year spans the four weeks before Christmas, was dedicated to recollection, quiet contrition, and a growing expectation of the great joy that was the birth of the Messiah. I will not remove their names from the book of life.
